Graduate
Himchal Pradesh University

2019 - 2022,   *3.8 GPA*

SKILLS

Html   CSS   JavaScript   React.js

Bootstrap   Git

Micro-frontend Architecture

Plop.js   Material UI

PERSONAL PROJECTS

E- commerce website using mfe and plop.js (02/2023 - 03/2023) ↗
- I developed a responsive e-commerce website using ReactJS, HTML, CSS, and Micro Frontends architecture with Plop.js. This allowed me to modularize the code, make it scalable, and automate repetitive tasks.

Twitter-Clone (02/2023 - 02/2023) ↗
- Designed and developed a Twitter clone project using ReactJS, JavaScript, HTML, CSS,Material Ui and Recoil, showcasing proficiency in front-end development and problem-solving skills.
- Implemented proper authorization and authentication features to ensure data privacy and security, providing an enhanced user experience and also Utilized local storage to store data.

Gym Website (01/2023 - 01/2023)
- Developed a subscription-based gymnasium website with React JS, HTML5, JS, and CSS3, allowing users to access premium services and facilities with ease.
